

PROJECTS

Brochure

Project Name: Building End-to-End Smart IoT Solution Development

Description: Contributed to the full product development lifecycle of smart IoT solutions, integrating embedded systems with application software.

Sign Board

Project Name: Retail Store Brand Signage & Visual Identity Design – "9 Mobiles"

Description: Designed and developed the outdoor visual identity and commercial signage for a premium mobile retail outlet, focusing on high brand visibility and clean typography.

Brochure

Project Name: Analytical Data Mining & Predictive Modeling Framework

Description: Developed an analytical framework combining multidimensional data correlation and workflow optimization for business intelligence.

Sign Board

Project Name: AMRIT Pharmacy

Description: This image represents a detailed design and technical blueprint for a commercial pharmacy storefront sign board. The design utilizes a clean medical color palette consisting of red, white, and green.

Flyer

Project Name: India's E-Waste

This project is an educational infographic / awareness poster designed to highlight the growing crisis of electronic waste (e-waste) in India and to promote responsible disposal and recycling habits.

Sign Board

Project Name: Anantha Jewellers

This image is a technical design blueprint for a jewelry store storefront sign board. It features bold Telugu typography combined with ornamental branding elements over a dark grey background panel.
